

SAINT SISTER FAUSTYNA POLISH SCHOOL SLOUGH

PRIVACY STATEMENT

What is a Privacy Statement?

A Privacy Statement explains what information we hold about you, why we hold it, how we protect it for you, and how you can have your information removed from our records if you so wish. Here at Saint Sister Faustyna Polish School Slough, we take your privacy seriously and will only use your personal information to administer your registration/account and to provide the products and services you have requested from us.

Why are we sending you this information?

Under the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR) — which came into effect on 31 January 2021 — the way charities, companies, and other organisations keep information about their supporters is affected. That is why we are sending you a summary of our updated Privacy Statement.

What information do we hold about you and why?

The information we hold about you could include information you give us when you fill in forms, subscribe to our services (such as newsletters or to attend events), or respond to email updates. This information is important to us because it enables us to send you news about the School and its work, let you know how you can support us, and how we can support you. We predominantly contact you by email and may also do so by post or text message (SMS), where you have given permission.

With whom is your personal information shared?

We may share your personal information with our partners and partner organisations who carry out work on our behalf — for example, suppliers who process our printed material, process information about events, or provide updates about running our organisation.

How long do we keep your information?

We keep information for as long as we need it for the purposes for which it was collected. This will vary depending on the type of information. If you opt out from School-related communications, we will keep your information to ensure we don't inadvertently contact you about it in the future. This will be reviewed annually.

What are our responsibilities and your rights?

We always take exceptional care with the information we hold about our pupils, parents, and School staff. Where we contact you by email, SMS, or other electronic means, we do this with your consent.

We hope that you find the information provided by the School useful and up to date. However, you have the right to ask us not to use your personal information — in this case, please contact the School Director at szkolajezykapolskiegoslough@gmail.com.

Please be aware that if you opt out, you will not receive any School updates or information.

You also have the right to see copies of information held about you. For details on how to do this, please write to the School Director at the email address above.

Finally, please be assured that we will under no circumstances sell or share your personal data with any commercial third party.

Consent Declaration

If you agree to us contacting you electronically, please confirm that you are giving us your active consent as per the declaration below.
